

EXPLORER DMC · MONTENEGRO

Summer Active Weekend in Kolašin

Three days of mountain air, wild rivers and Montenegrin hospitality —
a hand-crafted itinerary in the heart of the Dinaric Alps.

Welcome to the North

Kolašin sits at 960 m above sea level, surrounded by the Bjelasica and Sinjajevina massifs. This itinerary combines the adrenaline of the Tara river — Europe's deepest canyon — with the calm of Biogradska gora, one of the last three primeval forests on the continent.

Everything below is included in the price. Your guide and driver stay with the group throughout the weekend.

Arrival & Biogradska Gora

Private transfer from Podgorica airport (approx. 1h scenic drive through the Morača canyon). Check-in at Hotel Bianca Resort & Spa. In the afternoon, a guided walk around Lake Biograd inside the national park — virgin forest with trees older than 500 years. Welcome dinner at a traditional national restaurant.

Tara River Rafting

Full-day rafting on the Tara, through the deepest canyon in Europe (1300 m). Class III–IV rapids, crystal-clear water, lunch on the river bank included. Equipment and licensed skippers provided. Evening at leisure — we recommend the hotel spa.
